To: Dr Jeffrey Tostevin
j.tostevin@surrey.ac.uk

Dear Dr. Tostevin,

your proposal of the workshop “*TNET: The EURONS European Theory Network*” has been discussed during the Board of Director that took place at ECT* on the 16th of June, 2007.

I am pleased to inform you that your proposal has been accepted.
Here are some remarks by the Board.

The Board supported the purpose of the proposal which is to gather the communities involved in nuclear structure and reaction theory, and to prepare the ground for the advent of a new generation of European facilities concerned with the physics of exotic nuclei. It judged the range of proposed topics/speakers adequate to meet these goals and therefore decided to accept the proposal.

The period January 7-11, 2008 is fine and I reserve the slot.

Best regards

Jean Paul Blaizot
ECT* Director
